Please Note!

If you have already created an account on our website, do not create a new account and just give us your account details to have all your products in one place

How to Install & Activate Slider Revolution plugin:

1. In your WordPress dashboard go to Plugins >> Add New
2. Click on the "Upload Plugin" button visible at the top
3. On the next screen, you will be able to upload your plugin's ZIP file straight to your WordPress.
Just select the ZIP from your desktop and confirm the upload by clicking on "Install Now."
4. Click on "Active Plugin"
After doing so, the plugin is online and you can start using it.

How to install slider add-ons, and import templates:

_____

Various templates for Rev Slider may be found here:
https://mega.nz/folder/k0NQ2RQa#X46KM0U1E0IDSK6MnF21iA

They are imported via the import function of Slider Rev itself:

https://visualmodo.com/docs/how-to-import-revolution-slider-demo-sliders/

Additional (Newer) Templates can be found here:

Important note for importing templates!

In newer versions, if you receive an error message when trying to import a template, please follow these steps for a possible solution:

1. Download and install the older version of Slider Revolution using the link provided below.

2. Import the required template.

3. Once the import is complete, reinstall the newer version of Slider Revolution.

Remember to keep a backup for safety in case of data loss
